OLD BUSINESS

Inland Drive was striped after the last meeting. The board would like to know what the cost is at for the township, so if there is any information regarding that, Jason will bring it up at the next meeting.

Island Air Turn Around - Long Construction laid down the gravel. Clark hasn't heard from Tim Kjellberg regarding his thoughts on the gravel.

NEW BUSINESS

Chuck Diessner/Hazel Wood Drive - Brittany sent Chuck the ordinance for road requirements

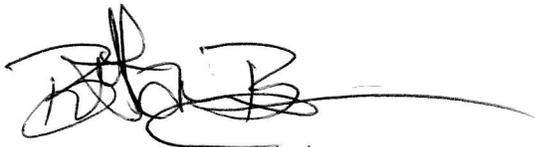

after the last meeting. Brittany contacted Troy, and he stated the property owners would be responsible for any fees(engineering, attorney, etc.) related to the road project, and the township generally agrees to pay for road preparations. Jason stated he believes the specifications for a gravel road are different for a blacktop road. The board will find out before the next meeting if the road meets the specifications for blacktop, and how the cost allocation is determined. Terry stated a turn around would be needed at the end of the road if the project went forward. Jason will contact Jed Nordin at the county to find out what the process is. Lance brought up the possibility of calcium chloride for dust control as well.

Jim Miller/Haakon Drive - Jim's property is at the end of the road, and he has a second driveway. The road is owned by both Arago Township and Lake Emma Township. The property is on the Lake Emma side of the road. The rain water coming off of the road meets and cuts down his driveway, and floods into his yard. Terry stated the curb is put on the road to guide the water towards the lake access. The road is paved to the end of the township property. Jason stated it may be worthwhile to schedule an onsite meeting with the DNR. Any changes would need to be done on Jim's property, or the DNR property. The township doesn't have any right of way there.

The Fall Road Tour was scheduled for Thursday, September 26th at 4 pm.

A motion was made to adjourn at 8:49 pm.

Respectfully Submitted,

Brittany Barnum - Clerk
